Regal 0-0 Herbicide®

Granular Pre-Emergent Herbicide

Regal O-O is a pre-emergent herbicide combination of oxidiazon and oxyflourfen in a dry granular form. Provides excellent, long- lasting (3-6 months) control of grass and broadleaf weeds with no root pruning or root development issues. Regal O-O can be applied over the top of most plants.

Other benefits include:

- Broad spectrum weed control for nurseries and ornamental landscapes
- Post-emergent control for weeds under three inches.
- Safe on a majority of nursery-grown plants.
- No root pruning or root development issues.
- Dustless, free flowing, and easy to apply.
- Low use rates. Typically half the rate of competitive products.

Features 2 Active Ingredients

- 1% Oxadiazon
- 2% Oxyfluorfen

Regal O-O Herbicide® Applications

Regal O-O Herbicide Weeds Controlled

Partial list of broadleaf weeds controlled:
