Custom Application Guide

Regal's Capability:

- Custom fertilizer applications for 50 plus acres
- Spread rates of 150lb plus per acre, most products are spread at 200lbs/acre
- No touch spreads for customer
- Time required, depending on product application rate and layout of golf course.
  Note: application rate is 15-20+ acres per hour.

Booking a Custom Application:

- Book a minimum of 4 weeks in advance of the application date.
- Application dates are committed to based on availability
- January – June is high demand time for custom applications. If this date range is desired, we suggest booking 3-8 months in advance.

Once Spread is Booked, *What to Expect:*

- Some spreads will require Regal to deliver products 2 to 3 weeks in advance of spread date.
  - o Regal will call prior to delivery.
  - o Product is prepared to be stored outside and delivered with a forklift.
  - o Please direct us to place the product in an area that will be out of the way and easily accessible day of application.
  - o Application trucks are equipped with self-loading cranes. Place in an open area with no overhead restrictions trees, power lines, etc.
  - o To meet application dates, we are unable to accommodate product or volume changes inside of **28 days** prior to scheduled application date.

Final Customer Confirmation:

Two business days prior to spread Regal office will call to go over final confirmation and details of the spread.
